To whom it may concern,
It is a violation for the governor to make this decision on his own accord. We have seen his draconian will come to pass way to often in this past year. Just like the pandemic, RGGI will impose detrimental impacts on PA. We have suffered enough this year. Loss of businesses, jobs, and lives. RGGI will be another knife in the back of economy of our state. We can not afford to have this pass and I implore those who have the power to do something about this, DO IT NOW! We will not have a sustainable state soon !!

Best regards
