Hello, my name is Lily Solomon. I am writing to you because I believe that as a student I feel that a clean environment is extremely important for my life, and the generations that come after me. Implementing RGGI will help PA reduce its greenhouse gas emissions 80% by 2050, and ensure that future generations of Pennsylvanians will be able to enjoy the lush, green Pennsylvania that we all know and love. For this reason, I fully support the implementation of RGGI.

Thank you
