Harrisburg, PA 17112 US

Comments entered:

As a resident and citizen of Pennsylvania, I am formally submitting my support for this program, also known as RGGI. As the 4th largest producer of Greenhouse Gas emissions in the country as well as a leader in energy production, Pennsylvania needs to take effective action to reduce air pollution while transitioning to clean energy. After reviewing the potential health, economic and environmental benefits I firmly believe that Pennsylvania must take advantage of this program.

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Jessica Shirley
