Hello -

My name is James Fedorka and I am a resident of Pennsylvania. I am emailing you to voice my support of PA joining the Regional Greenhouse Gas Initiative. Climate change is and will be the most defining global crisis of my lifetime (I'm 33), and we in Pennsylvania have a responsibility to be a part of the solution. PA is one of the highest polluting states in the U.S. and that is impacting the health and wellness of its residents. We must act now to mitigate the impacts of climate change in vast, structural ways.

Thank you for your time and consideration.

Best regards,
