I would like to take this time to voice my opposition to RGGI. I am a 73 year old retired coal miner ,and have several family members in the gas field. Signing on to RGGI would be a deadly blow to the economy of many areas of western PA. . Every morning when I look out of my window at the Homer City power plant, I am reminded of the thousands of good paying jobs associated with it.

Thank you, James D. Bence
