West Chester, PA 19382 US

Comments entered:

To whom it may concern:

As a Pennsylvania citizen, I find our state's historical role in adding to the burden of climate change through coal, oil and gas carbon pollution to be an embarrassment, and even worse the state's current hesitation to do anything to mitigate our continuing role.

I urge the Governor, DEP and legislators to show that we care and to put PA in line with other northeastern states by joining RGGI.

Thank you for listening,

Nathaniel Smith
