In order to prevent the further spread of COVID-19, all DEP offices will remain closed until restrictions are lifted. In the meantime, I will be working remotely to continue the mission of the Pennsylvania Department of Environmental Protection and frequently retrieving emails. Thank you for your patience.

FORM LETTER 18: "Protect PA's Environment"

Proposed Rulemaking: CO₂ Budget Trading Program (#7-559)

As a Pennsylvania resident and environmental activist, I fully support Pennsylvania joining the Regional Greenhouse Gas Initiative. RGGI is our nation's most successful initiative in fighting climate change. It's estimated that, by joining the program, our state could reduce its carbon emissions by 188 million tons by 2030. This will protect Pennsylvania's environment and public from the worst impacts of climate change.
