Pittsburgh, PA 15233 US

Comments entered:

The RGGI plan is a very important way we in Pennsylvania can do our part to curb global warming and to ensure that our generation (boomer) does its part to pass a more sustainable environment on to our children and our grandchildren! It is time we face the very serious threat of climate change and take positive steps to do all we can to remedy it!

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Jessica Shirley
