Hello,
My name is Charlie Carlson and I am a current senior at Duquesne University. I am writing today to voice my support for the establishment of Governor Wolf's carbon reduction program within the Commonwealth. It is absolutely necessary that we establish the framework for joining other states in the Regional Greenhouse Gas Initiative. Beyond this, I am confident that the funds coming from this will allow for a smoother transition over to cleaner energy sources. I would also like the board to know that there are plenty of young people like myself who deeply care about the future environmental health in the region. I thank you for taking my comments into consideration.

Sincerely,

Charlie Carlson
