To whom it may concern,

By moving forward with RIGGI you're going to close our power plants, coal miners will lose jobs, and the same with the railroad workers. It's also going to hurt our local school districts. Please note there is little job opportunities in our area making a livable wage and the ones mentioned above DO. Higher electric costs and no jobs? Doesn't sound so intelligent now... does it? You're going to KILL OFF Indiana County.

Thanks,
Leann Aikins
