Comments entered:

Dear DEP, I just have a few questions. When this goes into effect, will homeowners who have decided to burn coal and wood furnaces instead of paying high costs of heating in their homes, be charged like a company? If I decide to have a generator that runs on gasoline, propane, natural gas, wood, or coal be charged like a company?

These are important questions. Also over my land do I not own the air space above it? How will you tax me?

Thank you,  
Rebecca A Leeper
