Re: eComment System

The Department of Environmental Protection has received the following comments on Proposed Rulemaking: CO2 Budget Trading Program (#7-559).

Commenter Information:

Dave Fogelman
(dfog-22@hotmail.com)
1061 Vincent Ave
Watsonstown, PA 17777-7825 US

Comments entered:

This proposal is nonsensical, and only inhibits PA's electricity generation industry. PA's CO2 emissions have been reduced to 1995 levels through the proliferation of natural gas, and to artificially hinder that industry and propose further reductions for political purposes will only hurt the end consumer long after this administration is gone.

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Jessica Shirley
