This co2 budget trading program #7-559 will destroy our state.put business out of existence, raise energy prices. That low income people can't afford. I'm 68 years old there's not the air pollution there use to be, it's all about control of the people. Not air pollution . The sun don't shine and the wind doesn't blow all the time. No way store electric. I'm not for this co2 trade program. It's up to the state general assembly to past it. Not Tom Wolf
