Comments entered:

Participating in RGGI is one small step toward sanity in facing the climate crisis that will be with us for the next generations. NOT participating in it is a vote for planetary suicide. Pennsylvania's legislators are right in thinking we need to be concerned about the livelihoods of our citizens, but that does not mean that the same jobs we have always had are needed to do that. Please, come to your senses and do something positive for our society.

Peter G. Broad, Ph.D.

President, Indiana Borough Council

80 N. 8th St., Indiana, PA 15701
