To whom it may concern

I have lived in western PA all my life. i have traveled this beautiful country most of my adulthood. To see the differences in PA alone, between eastern and western is night and day Starting wages advertised on billboards in the east are higher than most jobs pay in the west.

Now Mr. Wolfe wants to take good paying jobs from us. Does he not care about the jobs, the support jobs, the taxes paid already, THE FAMILIES?

With the poor handling of "the vid" that Mr. Wolfe has displayed can we afford more economic disasters? The thought of this is ludicrous and ass-in-nine!!!!

PLEASE, rethink this poor decision, our state can't afford it.

Sincerely
