I am writing today to voice my support for Pennsylvania's participation in the Regional Greenhouse Gas Initiative (RGGI) under the proposed 'CO2 Budget Trading Program' [50 Pa.B. 6212]. Climate change is one of the biggest threats not only to our economy but to the survival of the world as we know it. The rules in the bill mentioned above will not solve the climate crisis, but will mitigate the effects our state has on greenhouse gas emissions. This will lead to a healthier commonwealth and a healthier country, overall.
