Aliquippa, PA 15001 US

## Comments entered:

It took a lot of searching too find the four paragraphs "guesstimating" the impact of these rules related to "Consumer Impact." Should they be wrong in their math, I see nothing that would prevent electricity manufacturers to seek more from consumers.

Can their be language inserted that would reimburse consumers for any mistakes in any of the maths in the preparation of these rules and any attempt by electricity manufacturers to charge consumers more than the estimated 3% impact costs?

Regards,

Glenn A. Miller  
Aliquippa, PA
