Re: eComment System

The Department of Environmental Protection has received the following comments on Proposed Rulemaking: CO2 Budget Trading Program (#7-559).

Commenter Information:

James Karayanis
(jimkaray@yahoo.com)
262 Ramblesh Rd
Stroudsburg, PA 18360 US

Comments entered:

Whereas all dire climate predictions have been proven to unsubstantiated there is no reasonable expecting that the same predictors have a solution, or that one is even necessary. No tax or further market manipulation is warranted on a natural element necessary for the continuation of life on the planet as we know it. NO carbon action is required by the government.

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Jessica Shirley
