How dare the privileged old elitist governor add to the further destruction of the commonwealth by burdening the taxpayers with a carbon tax which will hike our utility rates significantly and make PA less competitive nationally.

At a time when Wolf has ruthlessly inflicted so much economic damage on PA as it is, this thoughtless Tiny Napoleon isn't done yet.

You , Tom Wolf, having lived an entire life of privilege and wealth, are inept and clueless when it comes to relating to the needs of Pennsylvanians.

No carbon tax, no more taxes, or you can pay for them out of your own pocket Wolf.
