I will keep my comment simple. I believe that God is control of the "climate" and those that are pushing the "climate change" agenda are the same globalists that speak of the "Great Reset" which would "reimagine" economic systems.

These people have no care for the working class as is evident in the dictatorial policies of Governor Wolf with the Covid-19 virus. I want less government regulations and control over our lives. I do not want people to lose their good paying jobs and I cannot afford to pay higher energy costs.

Please do not burden those of us that are just getting by as it is with this progressive socialist policy.

Thank you.
