I am 200% against this, especially at a time as this. We are NOT in dire need to put this in place. With all the covid shutdowns I lost not only 1 job but 2 jobs due to the treatment and regulations placed bar/restaurant industry. We the citizens of this state are struggling enough right now to pay our Bill's and you want to burden us with even more higher rates on our electric. Somebody up on that hill has to be representing us in the struggle we are in through NO FAULT OF OUR OWN. I just cannot grasp that this state would even have to put any thought into this decision. Please vote no on this bill, we are drowning out here.
