Needmore, PA 17238 US

Comments entered:

I am against the CO2 budget trading program. This will cause all PA residents electric bills to rise and will not help our economy in any way. This program is just another way to steal money from hard working people. The US has already cut CO2 emissions more than any other country. We need real leadership rather than lets join with the other crappy Democrat states to steal more money from the hard working people of PA. For once Governor Wolf, lets put our attention on the elderly and other financially challenged folks in PA rather than listen to the BS from the democrat cabal.

Thank you
