Comments entered:

PA citizens cannot afford this. We have been shut down for nearly a year under the Co-Vid restrictions. To agree to this and taxes us even further by raising costs of electricity will break many of us. Many of all already have to choose between colder homes or losing our home all together especially in the winter months. Do Not Approve this! Please think of the people of this state! I challenge any politician to live without assistance making just over the "poverty" guidelines. You will discover quickly that you cannot live on \$10 / hr, even though that is above minimum wage!

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Jessica Shirley
