Hello,

I'm writing to voice my support for the establishment of Governor Wolf's carbon reduction program within the Commonwealth. Pennsylvania has already begun seeing the effects of climate change, including severe weather events and increased rainfall leading to floods and landslides.

It is absolutely necessary that we establish the framework for joining other states in the Regional Greenhouse Gas Initiative in order to begin curbing our state's te warming emissions, which are among the highest in the country.

Sincerely,

Kristina Marusic
