DRUMS, PA 18222 US

Comments entered:

Wow, I need to give more information to make a comment than I do to vote. I am commenting on the RGGI because I strongly feel I can not afford any increase in energy costs due to a carbon tax. Further, I believe that such a tax would severely harm our energy producers, a very important Pennsylvania industry, by making them less competitive in an already very competitive industry. In short, I feel this is a bad plan and strongly feel it should not be adopted.

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Jessica Shirley
