I oppose joining RGGI. I believe in Pennsylvania energy production and energy independence for the entire U.S. Pennsylvania has already been impoverished by by our Governor and State Health officials mismanagement of the Covid virus situation. We do not need to have payments of a "carbon tax" added to our already burdensome obligations to this Commonwealth. No RGGI.
No new taxes.
Let the Pennsylvania power industry continue to provide jobs and energy to our Commonwealth without new "feel good" regulations.
