Dear Environmental Quality Board,

Everything about having the Pennsylvania Department of Environmental Protection (DEP) and the Environmental Quality Board (EQB) adopt the proposed CO2 Budget Trading Program makes sense — financially, environmentally, and morally. By all means work together with the Regional Greenhouse Gas Initiative (RGGI) states to cut our carbon pollution — asap for even sooner! We are already very late!

You know what this is about. I simply add my very, very strong support!

Sincerely,
