Dear Environmental Quality Board,

We are in the midst of a growing climate crisis with all ten of the warmest years on record occurring since 2005, and with 2020 on course to be the second-hottest year ever. In Pennsylvania, excess heat is already impacting our health, the environment, and our economy. We cannot afford to ignore the crisis any longer. We must act now.

This is an excellent program to move us forward.

Sincerely,
