One of the changes purpose regarding subsidized childcare would be regulations 55 PA Code Chapter 3041.15. Increasing the providers childcare weekly rate above our MCCA( maximum childcare allowance), the CPA (converted payment rate) and our STARS add-on amount (appendix F of provider agreement). This increase will assist us in continuing to offer quality childcare while ensuring health and safety for children in our care. Our facility has been in operation since December of 1968 and we have seen a lot of changes. It's time for OCDEL, DHS and Department of Education to stand up and stand beside the childcare providers. In order to do so I ask OCDEL to model their support through a major rate increase and show "we matter" and each of these departments care about our service we provide. I will leave this question to OCDEL, "Would you continue to work for an organization who hasn't given you a rate increase in over 10 years but still require you to offer quality service with a smile?" If you have any questions please feel free to reach out to me. Thank You and stay safe.
