Good afternoon,

I wanted to share my experience with Sarah the pharmacist for my fathers medical care with veriheal.

The pharmacist was excellent and was extremely vital in catching a conflict with one of my fathers medications that was contrary to another medication. She went out of her way to contact the doctor and recommended an solution to his conflict.

Timely and knowledgeable in all aspects and I would not have allowed my dad 88 year old father to take Medical Marijuana without the pharmacist assistance.

Kate Joyce
