As an 84-year old resident of Foulkeways at Gwynedd, I am concerned about a proposal that would impose unnecessary compliance requirements for our nursing staff.

I understand that additional staff would be required just to keep up with the required paperwork. Our current healthcare staff is doing an excellent job as it is. Since we are privately funded and receive no funds at all from Medicare nor Medicaid there is no reason for us to be forced to accept this proposal.

Thank you.
