RE: Regulation #6-349: Charter Schools and Cyber Charter Schools

I am writing to express my opposition to Regulation #6-349: Charter Schools and Cyber Charter Schools.

I find that this regulation does not create a fair playing field between authorizers and charter school operators trying to give parents another choice in K-12 education. As written, the regulation creates a minimum standard that all authorizers must meet, but it does not restrict the ability of the authorizing party to create “over the top” and burdensome requirements during the application process. As written, authorizers can drown charter school administrators in red tape whenever they try to keep their schools open with a renewed charter or expand their schools because parents are happy with the results.

The regulation leaves too much open for school districts to include requirements that end up being anti-charter, leaving room to be grounds for denial of new charters, renewals of charters, and expansion of charters. How is this helping Pennsylvania families that continue to look for options even while public school districts lose enrollment?

These regulations are not offered to help Pennsylvania parents. They seem to be proposed to help the authorizers, not the charter schools and the parents that keep enrolling their kids there. These regulations are not balanced and, therefore, should not be put into law.

It is my hope that you rescind this process and work with elected lawmakers to create policies that make sense for all schools. Creating laws through unelected bureaucracy is not what democracy is all about.

Thank you for your consideration.

These regulations are not offered to help Pennsylvania parents. They seem to be proposed to help the authorizers, not the charter schools and the parents that keep enrolling their kids there. These regulations are not balanced and, therefore, should not be put into law.

Parents should have a choice of where they want their child to be educated. Gov. Wolf is getting out of hand. We are a FREE country and he wants to take away that FREEDOM. Do not let that happen.

It is my hope that you rescind this process and work with elected lawmakers to create policies that make sense for all schools. Creating laws through unelected bureaucracy is not what democracy is all about.

Thank you for your consideration.
