The Board of Medicine has designated Independent Regulatory Review Council with reviewing it's final rulings on the Naturopathic Doctor's Registration Act, passed in 2016. We need letters from patients, friends, and families to show your support of clear regulations on Naturopathic medicine, so you know your provider has a 4-year Naturopathic medical degree, and is regulated by the state on good practices.

I support clear regulations on Naturopathic medicine, so you know your provider (Dr Julie Lachman) has a 4-year Naturopathic medical degree, and is regulated by the state on good practices.
