Dear Commission:

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their education and training from an accredited naturopathic medical college by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents their Naturopathic Doctor with the N.D. title has the competencies to practice in PA.

My naturopathic doctor helped get to the root cause of my skin issues and with her guidance they have cleared up amazingly well! I had previously been told there was 'no cure' for it, and 'just put this prescription cream on it'. Additionally my overall health has improved so much with the help of my naturopathic doctor. More people need access to this kind of care!

Sincerely,

Allison Cargas
