Dear Commission:

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their education and training from an accredited naturopathic medical college by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents their Naturopathic Doctor with the N.D. title has the competencies to practice in PA.

I have been fortunate to have a wonderful ND in PA with whom I've worked with for 10 years to support my health goals. She helped me find root causes of my health issues so I could work with my MD more effectively in addressing them. Having a trained ND as part of my health care practitioner team has really helped me recover from health obstacles, and I'm so grateful for those in her profession. Please recognize their training through registration.

Sincerely,

Tina Prins
