Dear Commission:

I wholeheartedly support registration of Naturopathic Doctors in Pennsylvania. Registration of Naturopathic Doctors fortifies distinction of their education and training from an accredited naturopathic medical college by the Council on Naturopathic Medical Education (CNME). Registration further assures Pennsylvania residents their Naturopathic Doctor with the N.D. title has the competencies to practice in PA.

I have used a Naturopath to help me with digestive issues that many previous traditional health care providers dismissed. She has also looked more thoroughly at my thyroid numbers and was able to assess that the lower numbers attributed to my hair loss.

Sincerely,
Kim Spradley
