Re: Registration of Naturopathic Doctors

To whom it may concern:

Naturopathic medicine has had a very positive effect on my health in treating my diabetes in a more holistic and comprehensive approach to my overall health.

My prior "conventional" medical treatment only addressed my diabetes by recommending prescription medicine, not focus on my entire body, symptoms and causes. Naturopathic medicine has helped cure and improve significantly many troubling and painful side effects to my condition.

I believe it is important and I support promoting regulation for Naturopathic doctors in Pennsylvania.

Sincerely,

Stephen Barth
