IRRC:

I am writing to you concerning the registration of Naturopathic Doctors(ND) in Pennsylvania. My family has been using an ND for over 30 years for various ailments we have encountered. Personally our ND has helped me with my diet, blood pressure, leg cramps, and recently COVID 19 recovery.

Having an ND as a very knowledgeable, caring, medical resource has been a great help and comfort to my family over the years in reducing the symptoms and the duration of many ailments. Including ear infections, croup, pneumonia, and Lyme disease symptoms.

I feel it is very important that we as medical consumers have the option to have ND's provide alternative natural remedies. Registration will provide consumers with confidence that the ND's providing the care will be educated, knowledgeable, and trained to recommend treatments to the public.

Sincerely,

Peter Lanigan
