Dear Commission:

IRRC #: 3324
Agency #: 16A

I completely support the regulation of Naturopathic Doctors in PA so that consumers can have expertise from ND's who are medically trained providers in integrative medicine. Seeing a naturopathic doctor fills an important gap in existing conventional medical care, because ND's are doctors who spend time to help you know which natural therapies and modalities are safe and which are not safe.

Sincerely,

Olivia Howell
