Harrisburg, PA 17120

On behalf of the Board of Supervisors, Jackson Township, Cambria County, PA, please consider our objections to the implementation of additional regulations on hazardous liquid pipelines (NOPR).

Jackson Township has multiple main pipelines that traverse across our community. The unnecessary environmental damage will cause a major disruption to the quality of life and hardship to our residents. We are a community with a mixture of farmland, residential with small villages and local businesses that would feel the impact if these regulations are imposed, such as closing and damaging local township roads, loss of use by our farmers and extreme inconvenience to homeowners where existing pipeline right of ways pass through and adjacent to their properties. We firmly believe that pipelines already have sufficient federal and state laws and regulations in place to ensure the safe transportation of hazardous liquids through existing pipelines in the commonwealth; therefore, we stand firmly opposed to any further regulations being imposed.

Sincerely,

Bruce Baker, Chairman, Board of Supervisors

John Waller, Vice-Chairman, Board of Supervisors

Fred Meier, Board of Supervisors
