Re: eComment System

The Department of Environmental Protection has received the following comments on Proposed Rulemaking: Safe Drinking Water PFAS MCL Rule (#7-569).

Commenter Information:

Wayne Olson
(wayneolson@gmail.com)

, PA US

Comments entered:

The proposed standards aren't strict enough. We don't have the two years of time to waste writing new ones. We could use California's. Actually, a Harvard study states that water should contain no more than one part per trillion. The Pennsylvania Constitution guarantees us clean air and water. Thank you for the opportunity for public comment.

No attachments were included as part of this comment.

Please contact me if you have any questions.

Sincerely,
Jessica Shirley
