Comments entered:

Dear Department of Environmental Protection Commissioners,

I am writing today to submit my comment for the record on the proposed amendments to Chapter 109 that will set maximum contaminant level goals and maximum contaminant levels for perfluorooctanoic acid (PFOA) and perfluorooctanesulfonic acid (PFOS). I am glad that the Department of Environmental Protection is establishing a long overdue maximum contaminant standard rule for PFAS specific to Pennsylvania. However, I urge the DEP to enact more stringent standards that provide equal protection for all Pennsylvanians' drinking water.

We need to protect our water for future generations by taking decisive action.
Thank you for your consideration.

Sincerely,
