Comments entered:

There are rules and regulations already on the books.

Why have they not been followed through on.

There has to be improvement but are we improving what has already been on the agenda for a long time but not taken care of?

We need progress and I feel it can be done if you keep pushing through.
So good luck with taking care of our community

But let's do what we say we can do. Not just lip service.

That goes for all issues.

Pat
