I support the following amendment to Chapter 5230. My son with autism and other like him could benefit by easier access to these services.

Regulation #14-548: Psychiatric Rehabilitation Services

Amends Chapter 5230 to allow individuals who are 14 years of age or older but under 18 years of age who meet the admission requirements to access psychiatric rehabilitation services (PRS) and amends the diagnoses that allow an individual to access PRS without use of the exception process.
