## Comments entered:

I was disappointed to learn that the department has chosen to continue to include the "pollution exemption" for the Philadelphia section of the Delaware River in your 3-year triennial review proposal. It's time to eliminate this polluter loophole once and for all. Philadelphians should be able to have a clean stretch of the Delaware River like all the people living along the other 300 miles of this waterway. There must be no exemptions for clean air, clean water and citizens human rights. Thank you
