As a 1975 graduate of the PA program at the Medical College of Georgia, many years of practice in Family Medicine and 20 years as a short term medical missionary around the world, I have been delighted to see the contribution of PAs as members of the healthcare team. I am writing in support of proposed Rulemaking 16-4955 in reference to Physician Assistants as written. The changes in these regulations recognizes the excellent delivery of patient care by Physician-PA teams in Pennsylvania.
