Hello, RA-STregulatoryCounsel@pa.gov

I am writing in support of the Proposed Rulemaking 16-4955 in reference to Physician Assistants. I strongly feel the changes in these regulations will help modernize the care I can bring to my patients. I currently work in primary care where the need for providers continues to grow. I feel the proposed changes will only strengthen the Physician- Physician Assistant team in our state. I have been practicing for almost 25 years and the field of medicine has greatly evolved. The regulations for PAs need to be evaluated to keep up with the changes. I appreciate your consideration in this matter.

Thank you,

Colleen MacClay, PA-C
