**Subject:** 25 Code Chapter 95, Wastewater Treatment Requirements

Dear Members of the Environmental Quality Board:

RE: 25 Code Chapter 95, Wastewater Treatment Requirements

When my husband and I moved to Pennsylvania hoping to raise a family we chose Tioga County for our home because of its clean air and water.

These should be every citizen's recognized rights, and the role of government should be to protect those rights.

I'm very concerned about an increase in TDS in our rivers and streams brought about by the gas industry and others, and I hope that the proposed new regulations on issued under 25 Code Chapter 95 will be accepted.

Stricter regulations and oversight should encourage industry use and development of the technology needed to preserve our water quality.

Thank you.
