**Re: Medicare Supplement Insurance Minimum Standards**

Dear Ms. Burke:

On behalf of our members and our national counterpart, AHIP, we write in support of the Insurance Department's final-form regulation #11-256. We thank you for the July 13 clarification letter sent to the IRRC, too, and we look forward to working with the Department in implementing these changes in a way that best serves consumers and our policyholders.

Sincerely,

Samuel R. Marshall
