**Subject:** Family Child Care Home changes

To whom this may concern,

I am writing in response to the changes in hours for a home family child care. Please do not limit the time for my child care due to my husband having a traveling job for work in which it limits my ability to have child care while he is gone. I live in a small town where there is not many jobs to choose from there for I must be able to continue my current job. There is only one child care provider in the area that is able to do the longer hours that at times are a necessity for my job and my child's well being. The timing is only 1 hour over the 16 hour limit. I am trying to provide for my family and not use government assistance when I am in good health and able to work to provide for our community. Please reconsider your decision due to the ability of me and many other mother's to continue to work and have a safe, family environment for our children as we do now.

Thank You,  
Jullyan McClintock
